Subject: API meeting at HQ in DC

Jose called this morning about a possible API meeting at HQ in DC. He wanted to know if we could participate in a follow-up meeting with the API regarding their concerns about the Pavillion project. The meeting would be held:

- 1) 13 March 2013 (next week), or
- 2) the first week of April

I need to get back to Jose by COB today. Let me know what works best for you.
